# Overview

2018  
Banking Indaba

Kingdom Policy Institute (KPI) is a global policy setting institute through researching and facilitating the formulation of policies prescribed by GOD for nations, natural resources and for people to lead in efficiency, growth and innovation.

Institute

Institutionalising the Ways of God

# Invitation

2018  
Banking Indaba

The Banking Indaba 2018, will gather stakeholders and beneficiaries of the banking sector who desire to contribute to a think tank of leaders that seek to discover and develop a policy framework for the establishment of a Godly Banking System. Once the foundational policies of a Godly Banking System has been unearthed, the plan is to then engage Business, Industry Regulator and Governments to pave a way for the roll out of a Godly Banking System commercially.

# Invitation

2018  
Banking Indaba

Who should Attend? Kingdom minded individuals and organisational representatives who are eager to pioneer a banking system and banking institutions that will be reflective of God's ordinances.

What will be discussed? Thought leaders will come together to interrogate God's statutes with the objective of carving out a policy that will govern the establishment of Kingdom banking institutions.
